ABOUT US

Shaping offices for *over 30 years.*

ModularKart, by Nav Jyoti Furniture Industries, has been designing and manufacturing office furniture in New Delhi since 1990. What began as panel manufacturing grew into a full modular furniture company with its own factory in Kirti Nagar.

Our in-house factory has a capacity of 50,000+ furniture units a year, which lets us keep lead times short and quality consistent across large projects. Most of our furniture is made in Action TESA particle board, and every design can also be made in plywood, HDHMR or MDF, in your size and colour.
